

# Line Construction Hardware

1/2" PLASTIC BAND, 15M

#PSB-S16

This is a durable lashed cable support designed for use in aerial plant construction. It is specifically engineered to support cables at splices and throughout lashed cable configurations, providing a reliable and long-lasting fastening solution.

## FEATURES

- No sharp edges on strap for installer to cut hands on while tensioning
- High tensile strength after fastening
- Highly resistant to both (Ultra Violet) light and weather changes

## SPECIFICATIONS

Items 	Specs 
Material	Acetal (UV Resistance Per ASTM G154, Halogen Free)
Width	12.7 mm
Thickness	1.55 mm
Length	15 m
Operating Temperature	-40°C to +85°C
Breaking Load	1.1 KN Min.
Flammability Rating	UL94 HB"
Color	Black
